A SILVER QUESTION.

The Question Discussed at a Meeting of the Cabinet.

Views of Leading Business Men.

The Action of the Indian Government a Great Embarrassment to the Situation Here—A Petition.

WASHINGTON, June 28.—Two hours were consumed by the cabinet yesterday in discussing the new phase of the silver question and other matters demanding attention. The two conferences between the president and Secretary Carlisle amounted to some extent. Although the discussion, it is said, took a wide range, it was necessarily brought back to one important and unmanageable point, that the part of September to deal with the financial situation, and manifested no intention of changing his stated purpose, the project of an early session of congress, it is understood, was not discussed.

So far as the continuation of the purchase of silver bullion under the Sherman law was concerned, it was pointed out that little more than two months remained before congress would convene in extra session and that during the intervening time the silver to be purchased would be only \$500,000, a sum comparatively small amount in view of the previous purchases. That the best way to deal with the question was to await the course of events for two months longer, was generally agreed to, and it was with the view dominant that the meeting adjourned.

From the comparatively few congressmen in the city the following views have been obtained. Representative Anderson, of West Virginia, said the action of the Indian government, providing for the stoppage of free coinage of silver and other monetary measures, greatly embarrassed the situation here. He was a free silver man, but he believed the condition at this time would have to be considered in any legislation on the subject, that we could not legislate on the conditions of ten or twelve years ago, and that congress would have to act in accordance with things as they find them and not upon theories. He thought a great many silver men were disposed to agree to some compromise, but the matter of detail could not yet be determined upon.

Representative Meredith, of Virginia, said matters were complicated for the silver men. He thought the Sherman law would be repealed, but he did not care to guess to the character of the substitute for it.

"This action on the part of the government of India," said Mr. Boast, of Louisiana, "throws a good many more difficulties in the way of free coinage. I have no doubt that had not this been brought about Mr. Cleveland would, during the next session of congress, have had a free-coinage bill presented to him for his signature. His veto I cannot tell, and no one can as yet I think, how much the demonstration of silver in India will affect the situation. I have no question in my mind about the propriety of repealing the Sherman law, but we have got to have some means of supplying money for trade and commerce. The volume of gold is not sufficient, and the deficiency has got to be supplied by another currency. I am not wedded to any particular scheme, but what the people of this country want is sufficient money for business, and it has got to be supplied. A large number of silver men who voted for the repeal of the Sherman law last congress did so on the faith that at the beginning of this congress the 10 per cent. tax on state banks would be repealed. For my part, I saw no reason why the two things should not have been coupled, and I was not willing to trust to the future for action on the bank tax, and I voted against the repeal of the Sherman law. It is not silver per se that the people want, but it is a sufficiency of sound money. I think that congress should have been called together in April, and now we should get together as soon as possible."

Representative Ocas says he is hopeful of a speedy settlement of the financial question when congress meets. He anticipates, of course, that there will be considerable trouble, and that members will be inclined to hold firmly to the theories they have been presenting all along, but that the common sense of the situation is to do something to meet the most logical and common-sense thing will be to repeal the Sherman law and the law levying a 10 per cent. tax on state bank currency, and to provide for the free coinage of silver at such a ratio as to place it on a parity with gold.

The Silver Question in Chicago. CHICAGO, June 28.—The silver question brought to such a commanding place in finance by the action of India in stopping the free coinage of silver, continues to agitate the business men of Chicago. Clinton B. Evans, editor of the Economist, when questioned yesterday regarding the action taken by the Indian government as the most important financial event of recent years, it forced him to hold firmly to the principle of immediate action by congress as an imperative measure of self-defense. It will enable the friends of sound currency to jump to the conclusion that in the long run they might otherwise have been a long time reaching.

Desperate Convicts Killed in an Attempt to Escape.

THREE KILLED AND MORE WOUNDED.

The Prisoners Had Been Supplied With Firearms—George Bontag, Brother of the Notorious Bandit, Among the Killed—Other Crimes.

FOLSOM, Cal., June 28.—An attempt by a number of convicts in the penitentiary to escape yesterday afternoon resulted in a fatal encounter between the desperate men, a number of whom were life termers, and the guards. Three were killed and more wounded. The prisoners had been supplied with firearms—George Bontag, brother of the notorious bandit, among the killed—other crimes.

Wm. T. Baker said that the wheat had cut away from silver entirely in India, which was one of the reasons why the Indian government had taken the action which is now commanding attention.

CINCINNATI, June 28.—Chinamen bankers, financiers, capitalists and others who met at the board of trade and transportation, upon invitation of the latter, yesterday, to prevent stringency in the money market and to develop ways and means for its relief. After a free expression of the views of those present, a resolution was presented and unanimously adopted: "That it is the sense of the meeting that the president be urged to call a special session of congress at once, if practicable, and that other cities be invited to unite with Cincinnati to insist upon the early attention of congress to the financial situation, and manifested no intention of changing his stated purpose, the project of an early session of congress, it is understood, was not discussed."

THE BOYS IN BLUE.

Annual Meeting of the Army of the Potomac.

MANY NOTED GENERALS PRESENT.

Gen. Nelson Miles, U. S. A., Chosen President—A Resolution Against the Desecration of the Gettysburg Battlefield.

BOZON, June 28.—The annual meeting of the Society of the Army of the Potomac was held yesterday in Fausell hall. The attendance was large, with many noted men among the veterans. While the members were assembling a salute was fired by Battery A on the corner of Gen. Horace Porter, president of the association, was given a warm reception as he entered the hall.

Before the business meeting of the society came the various corps meetings, which were held in the armory of the Ancient and Honorable Artillery. Following the corps meetings the annual meeting of the entire association was called to order by Gen. Horace Porter. He made no formal speech. The next business was the selection of a place for the next annual meeting. The treasurer's report showed a total of \$11,822 in receipts and \$1,522 in expenditures. It was voted that the life membership fees be reduced from \$20 to \$10.

On motion of Gen. Cogswell a committee of six, representing the eleventh and twelfth corps, was appointed to co-operate with the Chickamauga Battlefield Association in locating the line of the battle of Lookout Mountain and Mission Ridge. The committee is as follows: Eleventh corps—Gen. O. O. Howard, Maj. E. O. Graves, Col. P. O. Whitley. Twelfth—Gen. W. E. Stoum, Gen. Wm. Cogswell, Gen. E. C. Carman.

The election of officers followed. There were three nominations for president: Gen. Nelson Miles, U. S. A., Gen. Calvin A. Pratt and Gen. E. O. Howard. The names of the two latter were withdrawn and Gen. Miles was elected. Horatio King, of Brooklyn, was chosen secretary and Col. Samuel Truesdale treasurer. Gen. Geo. S. Ward was chosen corresponding secretary.

The following resolution, so amended as to recommend that the United States government purchase the Gettysburg field and set it apart as a public park, was adopted.

Resolved, That this society has learned with great indignation that a private organization has dared to desecrate the field of Gettysburg, consecrated by the blood of so many of its countrymen, and that it is the duty of the society to protest against such vandalism, and to call upon those who may be in authority to arrest it.

After passing the usual vote of thanks the meeting adjourned, and the members went for a sail and luncheon down the harbor as guests of the city of Boston.

NO INDICTMENTS.

Failure of the Jury to Hold Anybody for Lynching Bush.

Final Report at 8 O'clock This Afternoon—Judge Vail Gives Orders for a Special Grand Jury.

The grand jury for the June term of court, which has been at work on the Samuel J. Bush negro lynching case for over ten days, finished its labors this afternoon at 8 o'clock and was discharged. The jury failed to bring in indictments against anybody implicated in the lynching of the negro.

Judge Vail, Sheriff Peck, Deputy Clerk McCallan, State's Attorney Mills and a few spectators were in the court room when the jury came in.

The roll was called and it was found that all members of the jury except W. E. Bingham were present.

The judge asked: "Have you any recommendations to make, Mr. Foreman?" Mr. Foreman came forward with a folded bill in his hand and gave it to his Honor. It was an indictment against a party for a petit offense, having no reference to the lynching.

All of the jurymen looked steadily at the judge while he was scanning the paper and doubtless were waiting to see what would happen next.

The judge asked: "Any further business, gentlemen?"

"No, sir," answered Foreman Faria. "You are discharged," said the court, and the jurymen who have been in session nineteen days passed out and down into the street.

None of the jurymen lingered to chat about how they felt and none appeared to care what the spectators thought about the outcome of the lynching investigation.

Court then stood adjourned until Thursday morning.

ORDER FOR A SPECIAL GRAND JURY. Judge Vail and State's Attorney Mills were in consultation for a moment or two, when the court gave orders to the clerk to issue a venire immediately for a special grand jury, to report as soon as possible in court to take up the lynching case. Sheriff Peck will select the jury. It is his duty under the statute to make the selection in person.

PERSONAL MENTION.

As the jury was passing out, Sheriff Peck asked the clerk if he would make out the list of names for the jury.

The court heard the inquiry and turning to the Sheriff he said: "No, Mr. Sheriff, you will select the jury, and you will get responsible men from the city and county."

That settled it, and Peck, with a sigh, said: "All right, I'll do it; but I would prefer to have a list so that I could go and get the men."

Then the court room was vacated, and soon there was no one in the hall.

NOW THEY TALKED.

Since all of the witnesses, about fifty in number, were heard, the jury has been wrestling with ballots on the question of finding indictments. This is not official but it is understood that all the votes have been close, ranging from 15 to 14; 9 to 10; and 12 to 11. Part of the jury it is said desired to indict only the principals in the hanging, about 10 in number. No agreement could be reached on that proposition. Others thought if anybody was indicted all ought to be in the list, something like forty-three persons. It is believed that yesterday the jury had agreed by a close vote to indict forty-three persons, or none at all. There is talk to the effect that the indictments implicating forty-three persons were drawn up yesterday, but when the jury came to pass upon them, finally they weakened, and a motion to reconsider was adopted. That left the whole matter just as it was before the first ballot was taken, and on no subsequent proposition to indict anybody could the jury reach an agreement. Therefore no bills were reported and the jurymen are discharged.

The special grand jury will be selected at once, and they will go over the whole case again, with what result, time only will tell.

TWENTY-FIVE YEARS.

Very Rev. Father Hickey Celebrates the Twenty-Fifth Anniversary of His Ordination to the Priesthood.

Last Saturday was the twenty-fifth anniversary of the Very Rev. Father Hickey's elevation to the priesthood. Shortly after becoming a priest Father Hickey was stationed in this city, but is now at Springfield, and is very well remembered by the Catholic residents of this city. It had been decided that his silver jubilee should not be allowed to pass without proper recognition, and the date of the celebration was set for yesterday, owing to the fact that many of the clergy of the Springfield diocese, in which he is stationed, would be unable to attend on Sunday.

At 1 o'clock yesterday the exercises began with a grand high mass of thanksgiving, Father Hickey being celebrant. Rev. Bishop Ryan, of Alton, presided, and the sermon of the occasion was preached by Rev. Father Mackin, of Decatur. Most of the twelfth mass was sung with orchestra and organ accompaniment by a chorus of thirty voices. Immediately after the mass a banquet was served to the bishop and visiting clergy in St. Mary's hall.

In the evening all the Catholic societies in the city turned out, with numerous visiting societies, to honor Very Rev. Father Hickey from his residence to the opera house, where a very excellent programme of music and recitations was rendered and the drama, "Guardian Angels of Many Lands," was given. The whole celebration was very impressive and showed very strongly the esteem in which Father Hickey is held by his people.

Gov. Altgeld's Pardon of the Anarchists as Viewed by Herr Most.

What Illinois Executive Has Contributed to the Hope and Joy of the Reds.

New York, June 27.—John Most's editorial in to-morrow's issue of the Freiheit will be a lengthy leader on the subject of the pardon of the Chicago anarchists by Gov. Altgeld. The article is headed: "Justice at Last."

"Unfair Your Blood-Red Banner, Comrades, the World Over."

"Let us celebrate this feast of jubilation, for we have received powerful reinforcements to our army."

"The fight and the victory shall be ours."

"The anarchists who were hanged on the 11th of November, 1887, were murdered."

In a scathing denunciation of Gary, Grinnell and Bonfield, whom he designates as murderers, he says that they be tried at once and executed, as they are virtually convicted themselves.

In closing he says: "We must have a reckoning with the bloodstained crowd, but, comrades, let us be prepared for the next time they attack us and give them a hearty welcome that that accursed Bonfield and the police in 1886."

NOW NEW YORK ANARCHISTS TALK. New York, June 27.—The pardon of the three anarchists was talked about all day and evening by New York anarchists and anarchists and their sympathizers. John most forgot his usual caution when he thought on the subject were requested.

"I think," he said, "that the Judge and jury who tried the men ought to have been hanged. I consider them hanged and paid murderers who ought to be hanged. The jury that convicted the anarchists was only a lynching committee. The jury that tried them was only a dirty work. Wait till you see my editorial to-morrow, I'll advise the hanging of that judge and jury, but I suppose the law will have them alone."

Most said that the anarchists and the anarchists had both worked hard for Altgeld's election. He thought the man who threw the bomb at the Haymarket had a right to do so, as the police interference with the meeting was unwarrantable.

Justice Schwab, who registered a vow never to speak to a capitalist or reporter again, after the comrades of the three released men were hanged in Chicago, talked all day. He said that Gov. Altgeld was another Patrick Henry and Judge Gary another Jeffries.

"If I were a workingman in Chicago," said Henry Weiman, delegate of the German Laborers to the Central Labor Union, "I would vote for Gov. Altgeld every time. I believe this pardon is simply carrying out his promise made before election. He is a man of radical views, a member of a number of Turner's associations, and while not a socialist or an anarchist, he is sympathizing with them. He has promised to free these men because the Arbeiter-Zeitung, the anarchist newspaper which Spies formerly conducted, supported him."

CHICAGO, June 27.—Gov. Altgeld's pardon of the anarchists is not well received in Chicago. Adverse criticism is heard on all sides and among all classes of people. While there are many persons of pronounced anarchistic tendencies who endorse his action, the great mass of Chicago citizens severely condemn it and look on the pardon and the State's bitter and violent statement accompanying it as the act of an ardent demagogue, a menace to the public peace and an insult to the laws of the state of Illinois, which Gov. Altgeld, as the chief executive of the state, has sworn to uphold.

POINTED ADVICE.

RACINE, Wis., June 27.—Ex-Mayor M. M. Secor was so agitated this morning when he heard that Gov. Altgeld had pardoned the anarchists, who were serving a life sentence in the Illinois State prison, that he wired the following dispatch to the Governor:

To the Governor of Illinois, Springfield, Ill.: With regret I say to you you are a disgrace to our American Republic, to the State of Illinois, to the Democratic party, and to the nationality on being told. Reason your office and the brothers you have pardoned. Birds of the same feather flock together. M. M. SECOR.

FRUIT IS SCARCER.

Strawberries are still scarce, as the Michigan berries are too soft for shipment and when they arrive here are nearly worthless. A raspberry here on the market is very scarce, but they are scarce. Next week, when home grown ones are in, they will probably be more plentiful. Some blackberries from Southern Illinois are here, but they are as yet not first-class. Wild grapes, or Indian plums, which are the common wild plums of this country, are shipped in from Tennessee and are very plentiful. They sell for 10c per quart box, or \$2 per twenty-four quart cases. They are used extensively for pies, for sauce, or for eating. They are shipped here green and ripen on route or at the dealers' hands.

Met His Colonel.

To-day Colonel John W. Headington, known during the war as "Old Perimeter" of Laport, Ind., who has been in this part of Illinois on legal business, dropped in unexpectedly on E. J. Blain, a Decatur druggist, who was a member of the 100th Ind. Inf. The colonel is an elegant looking gentleman, and like two old comrades, he and Mr. Blain spent a pleasant hour together. The colonel left for his home this afternoon.

Three Carloads.

The Springfield special on the Wabash road, bearing the members of the Christian church Sunday school of that city, arrived in Decatur this morning at 9:10 o'clock. There were three coach loads, in all 300 people. They were met at the depot by a sufficient number of cars to take the entire party carried to Riverside Park, where they are spending the day having a general good time fishing and swinging.
